Permit for Industrial Sewer User

W205521
Transmittal Number

50156
Facility ID# (if known)

PERMIT NO. W205521

ATTACHMENT A

SPECIAL CONDITIONS

1. INEOS NOVA, LLC, located at 950 Worcester Street, Springfield, Massachusetts, (the “permittee”) is authorized to discharge pretreated industrial wastewater to the City of Springfield sewer system through outfall 001 (Main Process) and outfall 002 (Pellet Recovery). The City of Springfield has issued industrial sewer discharge permits #2210 and #2220 to outfalls 001 and 002 respectively.
2. This Permit expires five (5) years from the date of issuance. The permittee shall apply for a renewal of this Permit at least 90 days prior to the expiration date in accordance with 314 CMR 7.09 (3)(b).
3. This Permit is subject to obtaining approval of any other applicable federal, state or local authority that may have jurisdiction.
4. Industrial wastewater discharged from outfalls 001 and 002 shall be in compliance with the EPA General Pretreatment Regulations for Existing and New Sources of Pollution (40 CFR 403) and the Organic Chemicals, Plastics, and Synthetic Fibers (OCPSF) Categorical Pretreatment Standards (40 CFR 414), the City of Springfield’s Sewer Use Ordinance and Industrial Pretreatment Program (“IPP”), any industrial discharge permit issued by the City of Springfield, and the local effluent limitations established therein. The most stringent limitations shall prevail.
5. The permittee shall conduct all sampling and monitoring in accordance with 40 CFR 136.
6. Concentrated chemicals and hazardous materials/wastes are prohibited from being discharged to the sewer.
7. No person owning, maintaining or using a sewer connection shall discharge or allow the discharge of wastewater through such connection which would result in a hazard to the public health or safety or a violation of the provisions of 314 CMR 7.00 or 12.00.
